GREAT BRITAIN SAVES UNITED STATES FROM CLUTCHES OF KAISER

(By Associated Press.)

TORONTO, Jan. 30.—The consular service of the United States was condemned by Poultny Bigelow, American author, in an address before the Canadian club. He also ridiculed the American government's neutrality.

Mr. Bigelow declared that the American consular service comprised "broken down, wheezy political bosses, worn out lawyers and de-

stitute, broken brokers, men who could not earn a living at any honest or respectable business.

"If Great Britain lost hold" upon the United States, Mr. Bigelow told the Canadian club, German gunboats would "sail up the Hudson and Mississippi and sweep everything before them."

"Then we will come crawling and whining to Montreal and Toronto for protection," he added.

(By Associated Press.)

NEW YORK, Jan. 30.—Two birth control propagandists, Miss Margaret Sanger and Miss Fania Mondell, were tried in Brooklyn for circulating their literature, while a third, Mrs. Ethel Byrne, sister of Mrs. Sanger, took food voluntarily for the first time as a prisoner on Blackwell's Island. Mrs. Byrne, while refusing to accept nourishment from a glass, did aid in placing a tube in her mouth, according to the prison authorities, and thus brought to a virtual close her "hunger strike," began last Monday.

and interrupted a few days ago when she was forced to eat.

Decision was reserved in the cases of Mrs. Sanger and Miss Mondell. The district attorney and counsel for the women were given until February 2 to submit briefs. The defendants announced they would begin a "hunger strike" if convicted and sent to jail.

Regarding Mrs. Byrne, a prison bulletin said her physical condition was good and her mental condition "very good."

HABITS OF THRIFT TAUGHT IN BERLIN

(By Associated Press.)

BERLIN, Jan. 30.—Enforced saving for youthful workers, which was instituted by the military authorities a few months ago as a check to extravagance and dissipation, has resulted, in Greater Berlin alone, in a saving of more than a million and a half marks already. Of this sum something less than half a million marks has been withdrawn from the savings banks by the workers, a third of whom have been able to convince the authorities that they need the money for legitimate purposes.

The investigations attendant upon such withdrawals show that the wages for youths now range from 20 to 70 and more marks a week, averaging in the neighborhood of 30 odd marks a week. The amount of money that has been laid aside, as well as the general satisfactory condition of the workers, convince the authorities that the compulsory saving ordinance was an altogether wise move.

JAPANESE COMPETITION RUINS DUTCH INDUSTRY

(By Associated Press.)

THE HAGUE, Jan. 30.—Japanese competition is making itself felt in the Netherlands. The big Nymegen incandescent lamp manufactory, which up to a few months ago was making electric pocket lamps at the rate of 100,000 a week, has been obliged to discharge a considerable part of its staff on account of such competition. Japan unexpectedly appeared on the European market this fall with these lamps, offering an overwhelming quality at a price far below that hitherto obtaining, with the result above mentioned.

AMUSEMENTS

LIBERTY THEATER

"Barriers of Society," Red Feather feature in five parts, is the offering at the Liberty theater tonight, together with an International cartoon. Also a comedy, "Maud Has No Respect for Father Time," and a Crazy Kat cartoon and scenes in Yosemite valley. Dorothy Davenport is featured in "Barriers of Society," and it is a play wherein a man's millions are pitted against a woman's wit. Westie Phillips, the son of simple fisherfolk, rescues a woman marooned on a rock with the tide rising. To Martha Gorham, the daughter of a millionaire, it is only an incident. Later, while trying to save the girl from a man who attempts to force her to marry him, Westie, her suitor and the girl are cast on a lonely island. Arnold tries to kill her, but Westie appears in time to again save her life. After Westie had come to her rescue on three different occasions, there was nothing much left for Miss Gorham to do but marry him.

BUTLER THEATER

The feature at the Butler (his evening will be Mary Pickford in "Hulda from Holland." This will be the last time Miss Pickford will be seen on the Paramount program, as she is now at the head of her own company and will be seen next week here in her first production. Mary Pickford has been starred in characterizations of many picturesque nationalities, but her interpretation of "Hulda from Holland" has never been surpassed in humor and genuine heart appeal. Though there is a great deal of tender pathos in Miss Pickford's little Dutch girl, there is so much that is comic in her interpretation of the role and there are so many delightful little episodes in which three adorable children ably assist the star, that "Hulda from Holland" will undoubtedly rank as one of the greatest contributions to motion picture humor. The preliminary reel is Burton Holmes' travels, "On the Lower Nile," always interesting, always educational. Tomorrow, Charlie Chaplin in a five-reel revue.
